SALE

Purebred Scotch Shorthorns

W. A. DRYDEN & SON

to be held at

Maple Shade Farm

Brooklin, Ont.

Wednesday, June 2nd, 1948

at 1:30 p.m.

Announcement

WE TRUST that you will consider the receipt of this catalogue as a personal invitation to attend our sale of Scotch Shorthorn cattle at Maple Shade Farm, Brooklin, Ont., June 2nd next. Due to contemplated changes in the farm programme for the future, as well as the difficulty in securing experienced farm labour, it has been deemed wise to dispose of part of the Shorthorn cattle. This is not a dispersion but may be called a reduction or draft sale. Not having a large herd at the moment, it has been necessary to dig deeper than we had hoped to do. At one time it had been planned to retain all the yearling heifers for replacement purposes, but when it was decided to have a sale, these of course, had to be included. Likewise, in order to have a sufficient number for a sale a few of the older breeding females are included which would not have been priced otherwise.

There has been no selection made of the better half of the herd for purposes of this sale. The best ones are all included. The nucleus of a continuing herd will be composed of older females and such as are not considered of saleable value.

We regret that all daughters of Collynie Remembrance are leaving Maple Shade and would like to have Killearn Norseman 37th to breed them to, but such are the exigencies of life and now we must conform to the programme.

GENERAL INFORMATION

The sale will be held at Maple Shade Farm which is situated one-half mile east of Highways Nos. 7 and 12 and 1 mile north of Brooklin.—35 miles north-east of Toronto. Lunch will be available at the farm.

Mail Bids may be sent to Will Johnston of the Shorthorn World; Harold White, Secretary, Canadian Shorthorn Breeders' Association; — or to any person you wish in care of Maple Leaf Shade Farm, Brooklin, Ont.

Auctioneers:—L. E. FRANKLIN, Toronto, Ont.

R. T. AMOS, Guelph, Ont.

TED JACKSON, Port Perry, Ont.

Sale commences at 1.30 p.m. on Wednesday, June 2nd, 1948.

Your attention is drawn to the Annual Production sale of Messrs. Keyes, Culbert and Gaunt to be held at Maple Emblem Farms, Dungannon, Ont., on Thursday, June 3rd.

Will Johnson, of The Shorthorn World, states:

The fact that Will A. Dryden and John Dryden are making a drastic cut in the size of the herd at their celebrated Maple Shade Farm where the best of Shorthorns have been bred for more than eighty years is a matter of regret to their great number of friends in the United States and Canada but it presents a rare opportunity for breeders everywhere to obtain Shorthorns that otherwise would not be for sale.

At Maple Shade, there are many breeding matrons that have made splendid records of production and yet are young enough to have many productive years ahead of them. As only a few of the oldest cows in the herd are being retained, all of these grand young and middle aged females are listed in this catalog and will be sold on June 2nd.

Many opportunities to buy superior Shorthorn breeding stock are offered in this sale and listed in this catalog. Probably the greatest opportunity is that of obtaining that outstanding young bull and sire, Killearn Norseman 37th. Here is a bull of extreme depth, on the shortest of legs, with grand bone, a grand masculine head on remarkably short, full neck, good hind quarters and the smoothest and thickest covering of flesh of

good quality of any bull now for sale. This grand covering is not confined to the back and loin but extends well down over his deep, well sprung ribs. Note his impressive pedigree and show record. He is lot No. 1 in this catalog.

Of equal attraction to the sale is the opportunity to purchase sons and daughters of the great sire Collynie Remembrance (Imp.). His pedigree is set out, for reference, at the front of this catalog. Here is a bull that is second to none in masculinity as indicated by a great head and neck, depth of body, shortness of legs, strength of bone and grand hind quarters. Like Killearn Norseman 37th he has great natural thickness of flesh. The young bulls by Collynie Remembrance are among the tops of any productions in America. His heifers are pleasing and attractive and all will make superb breeding matrons.

The cattle in this sale are not in show condition but they do not need to be for the experienced cattleman. They are in good strong breeding condition and will prove to be more profitable to buy than the over fat kind.

This will be a sale full of ideal opportunities to get breeding stock of best breeding and highest quality in most attractive condition and from breeders whose standing in the industry is not excelled by any other.

Will Johnson of The Shorthorn World.

Terms and Conditions of Sale

The cattle offered in this sale are a fully accredited herd. All cattle in this sale are negative to a recent blood test. All but six of the females are vaccinated with strain No. 19, Bang's Vaccine. All papers necessary for shipment to the United States will be provided.

1. Proper care should be given by purchaser to protect breeding qualities and health of animals.

2. All bulls guaranteed breeders. A bull shall not be allowed to serve when under fourteen months of age or be allowed to run with herd when under twenty months of age.

3. Cows sold with calves by side are considered proven breeders. All other cows and heifers sold as a single lot are guaranteed breeders except calves sold by side of dam as one lot and heifers under sixteen months of age at time of sale. Heifers shall not be served for first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled, must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale shall be promptly reported.

4. Any animal not proving up to foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, or the purchase price will be refunded. The animal may be returned for retrial at the expense of the purchaser. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. If the animal is a non breeder, salvage to go to the seller. No charge for feed or maintenance shall be made by either buyer or seller.

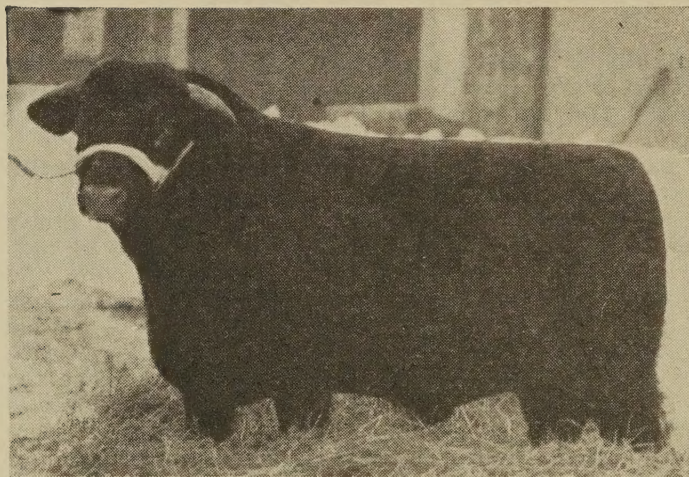

5. A certificate of registry in the Canadian Shorthorn Herd Book will be furnished with each animal. Any animal in this sale can be registered in the American Shorthorn Breeders' Herd Book.

As soon as cattle are sold, they are at owner's risk, but every care and attention will be given them and they will be loaded free of cost.

Shipment will be made as soon as possible after close of sale and without trouble to the purchaser, but at their risk of loss or injury.

6. TERMS—Cash.

COLLYNIE REMEMBRANCE =258703=

(imp. in dam)

Was bred by the late J. Duthie Webster, Tarves, Aberdeenshire, Scotland, and is probably the last, and only living sire, in Canada to come from that great herd. His breeding cannot be excelled in any country in the world, and in as much as such blood lines have proved very effective in this bull's superiority as a sire we are pleased to draw attention to one or two important crosses. The sire, Tarvas Primus (311754) was got by Aldie Conqueror (261324) by Calrossie Satisfaction by Collynie Royal Leader. The dam's sire was Aldie Conqueror himself by Calrossie Satisfaction by Collynie Royal Leader.

The granddam,—Princess Royal 4th was by Collynie Victor (256408) by Rosehaugh Victor (239950) by Collynie Royal Leader. On the female side of the pedigree the granddam of Collynie Remembrance is likewise the granddam of his sire Tarvas Primus. There is therefore great concentration of bloodlines on both the sires' side and also on the dams'.

Such breeding is perhaps responsible for the outstanding reputation which Collynie Remembrance has made for himself as a consistent sire of top breeding animals in this country.

Collynie Remembrance showed signs of developing into a great bull from the day of birth. He is a great colored red, deep and rich, which is considered so desirable. He has a great bull's head, with width, a good eye, and a sturdy, strong snout. He has great thickness, depth of body and stands on short legs with strong bone. His ability to pass on these desirable characteristics to his progeny is what makes him a great sire.

KILLEARN NORSEMAN 37th =278068=

Only under such conditions as appear to make this sale necessary is this great prospective young sire offered for public appraisal. He is an outstanding animal and would make it hot in the show ring this year for any bull in his class. Since he was selected and purchased in the Killearn sale of May, 1946, as the top entry of that event, he has made steady improvement every day, until now, when he is evidence of near perfection in Shorthorn bull form.

In 1946 he was first and reserve grand championship at Edmonton, Saskatoon and Regina, on the Western Canada Circuit; as he did also at the Royal Winter Fair of the same year.

It can be seen that there is top Old Country Shorthorn blood in his pedigree. His sire, Norseman, Imp. =262240=, bred by Jas. Durno, Uppermill, was winner of the reserve grand champion, at the great Perth show and sale, in 1943, and was purchased there for shipment to Killearn Farms, Edmonton. He was got by Coldoch Sensation (275802) a sire of many notable animals. The sire of the dam of Killearn Norseman 37th was Pittodrie Monarch (imp.) =229862= out of a dam of Collynie Royal Leader, and the sire of the granddam was out of a cow by Naemoor Jasper. While calves by Killearn Norseman 37th are still quite young they show much promise, as should be expected.

Bloom 26th is one of our cows which would not be sold except to help make up numbers for this sale. She is a great cow, a great breeder and one we like. The two top sires should have made great sires but were cut off at an early age, due to unfortunate circumstances. Pitpointie Quoit seemed to desire iron and steel in his diet, some of which he was unable to digest, but six of his daughters kept on the farm, proved our best breeding cows. Sire, **Collynie Remembrance =258703=**; Dam, **Bloom 26th =294518=**.—See opposite page for full pedigree.

This young red bull is a very promising youngster and only a few months old, yet he has the appearance of making a show bull, as well as an outstanding herd sire. Such a calf as this if bred in a Scottish herd would be nursed and prepared for high honors and a high price at the great Perth Show and sale. Sire, **Collynie Remembrance =258703=**. Dam, **Helen 9th =298829=**. See opposite page for balance of pedigree.

This red youngster is the fourth son of Helen 9th and if early indications may be taken as a guide, he is unquestionably the best calf she has yet produced. He has about everything one need look for in a great prospective bull. This calf, out of a great bull producing dam and by Collynie Remembrance should make shorthorn history.
